STANFORD, KY., TUESDAY, APRIL 30, 1907.

NO. 17.

## WILLIAM GATEWOOD LACKEY.

The following is clipped from The Financier, New York City. Mr. Lackey is an old Stanford boy, a son of Hon. G. A. Lackey, now of Crab Orchard:

William Gatewood Lackey, bond officer of the Mississippi Valley Trust Co., was elected to that position about two years ago, after a service of five years as assistant trust officer of the same institution. His legal experience and qualifications led to his election to the latter post, in which there was much technical work in connection with the handling of trust estates, drafting corporate mortgages and acting as trustee thereunder. In the various phases of the business of the trust department of the company, Mr. Lackey was brought into intimate touch with the theoretical as well as the practical side of investment securities and their necessary safeguards; besides gaining a comprehensive knowledge of corporate management and enterprise. He was not long in this position before the business, or practical side of his nature began to assert a predominance over the purely legal.

The investment feature of the business especially appealed to him and he was instrumental in securing many large investment accounts for the trust company. His consultation with the executive committee of the company in connection with these matters exhibited to them a broad comprehension of the subject and led naturally to his subsequent advancement to the management of the bond department. His physical alertness and personal magnetism especially adapt him for contact with the public. During his two years' service as bond officer, the Mississippi Valley Trust Co.'s bond department has done an aggregate business in excess of \$40,000,000.

Mr. Lackey is of the analytic type of mind, readily reducing investment propositions to their fundamentals, and, equipped as he is with a practical knowledge of the law, a wide experience with corporate affairs and a close familiarity with market conditions, is peculiarly qualified for the position he holds. He has been a close student of trust company matters in general and has acquired a thorough knowledge of the branches of trust company affairs. He was at one time vice president for Missouri of the Trust Company Section of the American Bankers Association.

With a view of throwing light on his own standard of requirements for the successful trust company official, the following quotation from a recent magazine article by Mr. Lackey on "Trust Company Fees and Profits," may not be out of place:

## CHURCH MATTERS.

Dr. Donald McDonald, of Danville, will preach at Walnut Flat at 11 A. M. Sunday next.

The above is a fair picture of Rev. R. H. Crossfield, of Owensboro, who is to be the evangelist in the meeting that is to begin next Sunday at the Christian church.

All the singers of the Stanford churches are invited to meet with the choir at the Christian church to-night, Tuesday, at 7:30. Mr. Daniels, of Hustonville, who is to lead the chorus in the revival, wishes to meet the singers and organize the chorus.

L. M. OMEN,

Cleveland was seventy years old April 1, and is the only living ex president. It is interesting to note that of the twenty-five men who have served as President of the United States, eight of the first twelve who filled the office lived to be seventy years of age or older, while of the thirteen who followed in the office of Chief Executive of the Nation, there were but four who lived to the age of seventy. Presidents Fillmore, Buchanan, Hayes and Cleveland. Of the first twelve Presidents John Adams lived to the age of ninety, James Madison died at the age of eighty-five, Thomas Jefferson at eighty-three, John Quincy Adams at eighty and Martin Van Buren and Andrew Jackson at the age of eighty. James Buchanan, the oldest, died at the age of seventy seven. Millard Fillmore was seventy-four at the time of his death and Rutherford B. Hayes passed away soon after he had reached his seventieth birthday.

## EUREKA!

Yes I Have Found It at Last.

Found what? Why that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night and wash with cold water to relieve the terrible itching, but since using this salve in December, 1905, the itching has stopped and has not troubled me. Elder John T. Ongley, Rootville, Pa. For sale by all druggists.

A reporter asked Senator Tillman, rather maliciously, what he thought of a certain opponent's speech.

"My boy," said the Senator, "it was like a fine bottle of champagne."

"Yes," murmured the reporter, rather taken aback.

"Yes," said Senator Tillman. "Lots of froth, and very dry."

There has never been a case of typhoid fever or appendicitis known to develop where White's Diamond Brand Crab Orchard Water has been used constantly, because it keeps the whole system in perfect order. Do not be imposed upon. There are imitation Crab Orchard Salts and Water on the market; ask your druggist for White's genuine Diamond Brand.

Dr. H. W. Wiley makes the very important announcement in connection with his official health statistics that we are now using 29 per cent. more salt than we were twenty-five years ago. He also says that we are having 30 per cent. more kidney diseases "recently."

Mike—I say, Pat, they tell me Rockefeler's money is tainted. What do they mean be that?

Pat—They mean, Mike, that it taint for you and it taint for me.

William Spaugh, Jr., of Missouri, wants a new trial because the sheriff told the jurors who tried him that if they would convict him he would give each of them a front seat at the hanging.

A Mil-o-na stomach tablet taken before meals will prevent any distress or uncomfortable feelings. Fifty cents a box at G. L. Penny's.

Your old blind father no longer sits at the corner of the street and begs.

"No, he has received a big legacy and can see now!"

## How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripo and is mild and pleasant to take. Refuse substitutes. G. L. Penny.

A check for \$1,000 was received in Richmond, Va., from Andrew Carnegie for the Home of the Needy Confederate Women. No conditions are attached to the gift, which came in a personal letter to Miss Mary Curtis Lee, who is at the head of the Home Board of Managers, and who met Mr. Carnegie in Florida last season.

The theatrical war between the Shuberts and Klaw & Erlanger was ended by the formation of the United States Amusement Company, incorporated by the two interests, with a capital of \$1,000,000. The new company, which will conduct and control a vaudeville circuit, takes over the independent theaters, controlled by the Shuberts, in a number of cities, including Louisville, and in return secures several of the so-called trust theaters.

## An Insidious Danger.

One of the worst features of kidney trouble is that it is an insidious disease and before the victim realizes his danger he may have a fatal malady. Take Foley's Kidney Cure at the first sign of trouble—it corrects irregularities and prevents Bright's disease and diabetes. G. L. Penny.

Your old blind father no longer sits at the corner of the street and begs.

"No, he has received a big legacy and can see now!"

February, 1866, had no full moon. This phenomenon will not occur again for 2,500,000 years.

## IN NEIGHBORING COUNTIES.

Greeley Hyden is dead at Tateville, Pulaski county, aged 50.

It stood eight for acquittal and four for conviction, and was never close to agreement, all the jurors maintaining the same opinion from the time they first took the case.

**Cured of Rheumatism.**

Mr. Wm. Henry, of Chatanooga, Tenn., had rheumatism in his left arm. "The strength seemed to have gone out of the muscles so that it was useless for work," he says. "I applied Chamberlain's Pain Balm and wrapped the arm in flannel at night, and to my relief I found that the pain gradually left me and the strength returned. In three weeks the rheumatism had disappeared and has not since returned." If troubled with rheumatism try a few applications of Pain Balm. You are certain to be pleased with the relief which it affords. For sale by all druggists.

The Government made a gift of \$250,000 to the Jamestown Exposition Company outright, and has expended large sums in other ways to favor the enterprise. It also devoted \$100,000 to the Government building which Congress appropriated a million and a half to the exposition. The \$150,000 has been spent by the Government for buildings, exclusive of the \$100,000 devoted exclusively to the Negro building. There was also a subscription of \$400,000 for the construction of two piers, which the nature of the shore made necessary.

## This May Interest You.

No one is immune from kidney trouble, so just remember that Foley's Kidney Cure will stop the irregularities and cure any case of kidney and bladder trouble that is not beyond the reach of medicine. G. L. Penny.

The theatrical war between the Shuberts and Klaw & Erlanger was ended by the formation of the United States Amusement Company, incorporated by the two interests, with a capital of \$1,000,000. The new company, which will conduct and control a vaudeville circuit, takes over the independent theaters, controlled by the Shuberts, in a number of cities, including Louisville, and in return secures several of the so-called trust theaters.

JOHN J. MOSER

Is a candidate for justice of Lincoln county, subject to the action of the Democratic party.

I. M. BRUCE

Is a candidate for justice of Lincoln county, subject to the action of the Democratic party.

JAMES C. HAYS

D. C. ALLEN

Is a candidate for Assessor of Lincoln county, subject to the action of the Democratic party.

**THE CINCINNATI ENQUIRER'S LOUISVILLE BUREAU** very aptly says that Democrats everywhere in the State feel that the Governor is now just as much the nominee of the party for Senator as he would be had he been the choice of a caucus. If anything, his commission of nomination means more and carries more honor with it for the reason that he was selected by a majority of the votes of the Democratic voters throughout the entire State. The prediction that some Democrats would not consider themselves bound by the result of the primary finds no sympathy among regular Democrats and is not being verified by conditions. In fact every one of the 12 men who have so far been nominated for the Legislature by the Democrats is unqualified for Gov. Beckham, as every one will be. A nomination made by a majority of over 11,000 could not be ignored, if there was any inclination to do so. Gov. Beckham is as sure as his calling has been emphatic.

It will shortly be determined whether the Kentucky troops are to have their State encampment at the Jamestown, Va., Exposition this summer. Adj. Gen. Lawrence, of the State Department, has taken up the matter of transportation with the several railroad companies, and if a sufficiently low rate is secured to make it possible for the annual encampment, it will be done. We hope the boy will be given the outing.

**CLARENCE E. WOODS**, mayor of Richmond, has issued a call for a convention of the friends of law and order throughout Kentucky to meet in Louisville the middle of next month. The main object of the convention is to devise plans for the strict enforcement of the local option law throughout the State. The call is signed by numerous ministers of Richmond and other citizens of that city. The date of the convention is May 13 and 14.

**THE SOMERSET TIMES** is still grumbling because we credited an article from that paper to the Somerset Journal. Editors May and Williams need a caustic to get their livers in order and we suggest that they try calomel, in broken doses, straightforth and immediately.

**LOUIS SNADMAN**, of Reading, Pa., heir and son of Jacob Snadman, the wealthy fish merchant, and known as "the dutiful son," has just proved his devotion to his father's memory by carrying out the elder Snadman's order to marry his step-mother.

**A MICHIGAN mother** broke her arm while spanking her son, thus proving for once, at least, that it hurts the mother more than the boy, as she always says when she administers a whipping.

"SCHEMERS become statesmen when voters go blind," some smart man has said. Sadly true is it the case in this day and time.

### POLITICAL.

The Ohio, Maryland and Connecticut State buildings on the Jamestown exposition grounds were formally opened Saturday.

Vice President Fairbanks delivered two speeches in Iowa Saturday, but made no reference whatever to national political issues.

**J. W. STUMP**, of Harrison county, and **W. B. BREWER**, of Todd county, were declared the Democratic nominees for the Legislature in their respective counties.

From the gossip around the Capitol at Washington it seems certain that the newly adopted Constitution for Oklahoma will be turned down by the Republicans in Congress.

**CONGRESSMAN THEODORE E. BURTON**, of Ohio, in an address at Trenton, N. J., eulogized the administration of President Roosevelt and declared himself for Secretary Taft for president in 1908.

**SENATOR LE FOLLETTE**, of Wisconsin, expressed the belief in San Francisco that President Roosevelt would be renominated by acclamation at the next National Republican Convention.

**COL. WILLIAM E. YOUNGBLOOD**, of Alabama, in an interview declared that Southern republicans are far from being a unit for Taft and may not support the presidential choice at the national convention.

Secretary Taft spoke at Dayton, O., at the laying of the corner-stone of the Y. M. C. A. building and also laid the corner-stone himself, using a trowel with the skill of a master mason.

Political interest this week centers in the possibility of a definite announcement of his candidacy for the Republican nomination for President on the part of Secretary of War William H. Taft.

It is said in Washington that the tariff revisionists will make a determined effort to capture second place on the presidential ticket, and Governors Cummins and Guild are mentioned in this connection.

Secretary Taft visited Cincinnati Saturday and though he made a speech, studiously avoided all political subjects. He spoke to a number of Yale men and his remarks were confined to his alma mater.

**HARRY S. NEW**, chairman of the Republican National Committee, says that four cities are already in the field for the honor of holding the next National Convention, namely: Chicago, St. Louis, Kansas City and Seattle.

### MATRIMONIAL.

**J. W. RICE** and Miss Bertha Beiden were married by Rev. Owens Saturday.

Miss May Will Davenport, of Mercer, and William H. Coke, of Louisville, were married Sunday.

John Dye and Miss Nannie Mitchell, both of the Pleasant Point section, were married Sunday.

Thomas Lee Terry, aged 17, and Miss Malvora Hoskins, sweet 16, were made at Supt. Garland Singleton's by that gentleman Sunday.

Ex-Gov. Garvin, of Rhode Island, is to marry Miss Sarah Emma Tomlinson, who has been blind since she was seven. He is just twice as old as his prospective bride.

Mr. and Mrs. William Beck announce the engagement of their daughter, Miss Winifred Annette Beck, to Dr. Justin Guy Ballou, of Toledo, O. The marriage will be solemnized the latter part of May in the First Presbyterian church in Knoxville.

Our old friend, Lorenzo G. Hubble, of the Hubble section, certainly surprised his many friends when he took unto himself a wife last week, for it was generally conceded that he was a bachelor for past redemption. His bride, who was a Miss Anderson, is said to be a most excellent lady and very pretty. "Rentz" ought to be proud of the catch he has made and we suspect he is about the happiest man in his whole section.

The auxiliary to the C. W. B. M. will meet with Mrs. Emmett McCormack Thursday, May 2, at 2 o'clock. Mrs. Jennie Carpenter leader. Subject: "A Quiz on Constitutions, National and Auxiliary."

There will be a meeting of the stockholders of the Home Telephone Co. at Hustonville Thursday afternoon at 2 o'clock. Those interested in having better service for the town are requested to be present.

The death of Miss Josie Bosley occurred Friday at the home of her brother-in-law, Mr. S. D. Yowell, after a lingering illness, fraught with excruciating pain which alone could be borne by a true soldier of the cross. She lived a devoted, christian life, eminently worthy to emulate, and for which she has gone to her reward promised by the Master. After an impressive service at the home Sunday at noon by Rev. Clarence Daniels, the remains were laid to rest in the cemetery at Danville in the presence of a large congregation of sorrowing friends and relatives.

The question as to who will rule Zion City built under the direction of the late John Alexander Dowie is expected to come to an issue on Wednesday, as Wilbur Glenn Voliva has issued an ultimatum declaring that unless the people accept him as their head by May 1 he will take radical action to assert his control.

## A Woman Tells How to Relieve Rheumatic Pains.

I have been a very great sufferer from the dreadfulness, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—Mrs. Sarah A. Cole, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by all druggists.

A mother who had invited company to dinner said to her young son: "Freddy, don't say anything about Mr. M.'s nose, at the dinner table to-night." "No'm" replied Freddy.

Just as the dessert was brought in Freddy remarked, in clear, distinct tones: "Ma, what did you tell me not to say anything about Mr. M.'s nose for? He hasn't got any?"

## Gentle and Effective.

A well-known Manitoba editor writes: "As an inside worker I find Chamberlain's Stomach and Liver Tablets invaluable for the touches of biliousness natural to sedentary life, their action being gentle and effective, clearing the digestive tract and the head. Price 25 cents. Samples free at all druggists."

DAVID C. ALLEN, of Hustonville, will make the race for assessor of Lincoln county. He is a prominent dealer in live stock and a brother of Mr. Miller Allen of this city, and a splendid gentleman.
